

# Families we've helped

"When my parents' health suddenly declined, I didn't know where to turn. Within two hours of calling CareCraft, Doris was already at our door. She arranged everything and guided us through every step. It was only because of her knowledge and connections that we were able to afford 24-hour care. The caregiver she chose for my parents worked out better than we could have imagined. Simply put, I just can't praise Doris and her team enough" - **Chris. D.**

"Doris is an angel! After my mother's assisted living home drained most of her funds, we were concerned about how to get her the care she needs within her budget. Doris showed us numerous places, all of which were wonderful. You will truly feel at ease with Doris, she genuinely cares and gets how challenging this is for the families. She goes above and beyond to find the perfect fit." - **Jennifer S.**

"As a hospital social worker, I've worked with many placement agencies, but Doris stands out. She works hard for every referral, no matter the budget or circumstance, and has helped me care for patients in a safer, more professional way."  
-*Laura E.*

## Free Service

### ***Life Coaching & Prayer Support***

Healing goes beyond medical care — patients also need emotional, spiritual, and mental support. We can connect patients with life coaches or prayer partners to help process their feelings and ease stress and anxiety.

## Why families choose CareCraft

*Because choosing care is an act of love*

- **Curated, not just listed.** We only recommend trusted providers we have vetted.
- **Always complimentary for families.** You'll never pay for our guidance.
- **Local and available 24/7.** We're based in LA and always responsive.
- **Trusted by nurses.** Healthcare professionals turn to us because we care for families like our own.
- **Proven by families.** Most of our clients come through word-of-mouth — a reflection of the trust we've earned.

### Our Promise to Families

*"We respond to calls, faxes, and emails within 24 hours — because families shouldn't have to wait for care."*

## The CareCraft Process

1

#### Begin with what's important.

Tell us about your loved one—their needs, preferences, and what matters most to them.

2

#### We listen and thoughtfully curate.

We carefully select trusted, established care providers tailored to your family's unique situation.

3

#### Explore with confidence.

We arrange and guide you through tours, ensuring every question is answered and every detail is clear.

4

#### Find peace of mind, together.

Together, we'll choose the right place where your loved one will feel safe, supported, and cared for.

*Our service is always complimentary for families*

## Types of Care We Place

### Board and Care Facilities

Community-based residences offering a home-like setting, personalized attention, and access to on-site healthcare services.

### Independent Living Facilities

Safe, social communities where active seniors enjoy independence with supportive oversight.

### Caregiver Support

Hands-on help with meals, mobility, and daily activities, following a physician's care plan.

### We can also connect you with specialized care, such as:

- Memory Care
- Skilled Nursing
